

Shining a Light on 2025

World Lymphedema Awareness Day is Thursday, March 6

[Click to Learn More About the
Lymphatic System](#)

Lymphedema is one of many dysfunctions that can develop in the lymphatic system. March 6, 1994 was the first Lymphedema Day established by the National Lymphedema Network to honor patients and providers struggling with this condition. In 2016, the United States Senate passed a bill written by the Lymphedema Education and Research Network (LE&RN) to establish World Lymphedema Day on March 6.

The Lighthouse Lymphedema Network will hold a drawing for a free patient entry for our annual conference. If you would like to be entered into this drawing, please post a description of your lymphedema awareness event on our Facebook page by March 6, 2025.

Mark your post with the hashtag #LLNandWLD to be entered into the drawing.

Lymphedema Awareness events are happening around the world on March 6. Learn more on LE&RN's website:

LE&RN

For Therapists and Patients

Fat Disorders Resource Society

Conference in Atlanta - 2025

Patient Summit - March 22-23

Professional Conference - March 21-23

Continuing Education Credit Available

Internationally Recognized Speakers!

FDRS Conference

Save the Date! Lighthouse Lymphedema Network - State of Georgia Lymphedema Education Conference Scheduled for October 17-18, 2025

Save the Date for our annual conference. Education credits are available for professionals.

Your Contributions help the Lighthouse Lymphedema Network bring internationally-recognized researchers and medical providers to Atlanta for our yearly conferences. Thank you for helping patients and therapists learn more about cutting-edge research and treatments that can improve quality of life for every person.

We now know that every kind of inflammation, every illness, every good night's sleep, and the digestion of every meal is supported by our lymphatic system. Our invisible lymphatics enhance our lives in ways we are only beginning to understand.

Click below if you would like to donate to the Lighthouse Lymphedema Network.
And **Thank you** for helping us make the invisible visible!
